COMPANY OVERVIEW

AN INDUSTRY LEADER

For over 40 years, Valley Forge Fabrics has been the leading company in Textile Design, Development and *Innovation*.

Our product offerings include; fabricated bedding, drapery, roller shades, bath linens and fabric for upholstery applications requiring specified performance characteristics. The dedication to Quality has enabled us to hold strong market leadership in Hospitality, Government, Cruise Lines and other markets requiring Performance and Durability.

With an unflinching commitment to excellence, the Valley Forge team consists of top textile experts, highly-skilled installation technicians, and solutions-oriented field personnel with deep experience in our core markets. Our company culture is Customer First. Everyday.

Valley Forge Fabrics is widely considered to be the most innovative textile supplier in the industry, particularly due to our commitment to developing award-winning BioPreferred products that deliver comfort, durability, and sustainability without sacrificing quality.

OUR COMMITMENT TO YOU

Valley Forge is committed to improve the life of every Service Member, Traveler, Guest or Disaster Victim through high quality products delivered on-time, at the right price, and fully supported by our company values.

BIOPREFERRED SALIENT CHARACTERISTICS

TENCEL™+Plus Lyocell

- Environmentally-preferable product.
- Biobased product.
- Accepted under the DoD Green Procurement Program as a registered USDA BioPreferred product.
- TENCEL™+Plus Lyocell products have passed a 100 commercial wash test with a 5.0 pill rating, which represents approximately 3 years use. (Reports available)
- SPI (Single Pick Insertion). Yard size minimum of 40s, with intimate blend of TENCEL™+Plus Lyocell & polyester.
- TENCEL™+Plus Lyocell fiber is used to drastically reduce & inhibit the survival of dust mites.
- TENCEL™+Plus Lyocell fiber wicks moisture away from the body, reduces odor causing bacteria growth and naturally regulates body heat leaving a cool, crisp feel.
- TENCEL™+Plus Lyocell fiber is more durable and has shorter drying time compared to industry (cotton/polyester), allowing for energy savings.
- TENCEL™+Plus Lyocell fiber is derived from the FSC-certified eucalyptus forests.
- TENCEL™+Plus Lyocell fiber is a sustainable fiber that requires only sunlight and rainfall to grow, no pesticides or fertilizer.
- Valley Forge Fabrics has an established reclamation program for pick up and redistribution for all products made with TENCEL™+Plus Lyocell fibers. Please call for details.

Post-Consumer Recycled Polyester

- Post-Consumer Recycled Polyester is recovered from the consumer supply chain, primarily from plastic beverage bottles, which are recycled, ground and processed as a polyester staple fiber. The consumer has touched the plastic beverage bottle - recycled it and it then becomes a recycled polyester fiber.

WINDOW TREATMENTS

Window Treatment projects can be challenging. Precise measurements, custom fabrication, and efficient installations are the hallmark of our experience. From fabric selection to fabrication and installation, Valley Forge is your trusted partner for Drapery and Roller Shade window treatments.

This is a representative image.

WINDOW TREATMENTS

Valley Forge Fabrics provides everything from fabric selection to fabrication and installation. Finally, you can get your window covering specification from one trusted source - from beginning to end. We specialize in your unique requirements associated with fabricated Window Treatments. From drapery to roller shades, we can guide you through the countless design options, and help you through the entire development process.

We offer both manual and motorized operating systems to fulfill your requirements. Fabric options include sheer, opaque, and blackout fabrics for drapery and roller shades, with countless textures and colors available to choose from. Our team of experts; from textile experts to skilled workers and technicians, are the foundation of our company's value proposition and purpose.

Valley Forge is wholly dedicated to meeting your needs, and exceeding your expectations...on time, and on budget.

ROLLER SHADES

DRAPERY

BEDDING

Hotel Quality...Valley Forge produces the most comfortable bedding products available to government customers. Our TENCEL™+Plus Lyocell products get softer every time you wash, and stay far cooler than cotton/polyester blends. You'll get a better quality sleep experience that directly translates to improved Morale, Operational Readiness and Safety.

YOU NEVER GET ENOUGH SLEEP...

WE'VE BEEN THERE.

That's why Valley Forge produces the most comfortable bedding products available to government customers.

- ★ **Bed-in-a-Bag Program**
